- Enrolling the device to Knox E-FOTA One (manually)
- Enrolling the device to Knox E-FOTA One (via KSP)
- Confirming Enrollment success

Common Questions

Does the user need to do anything?

This depends on your Enrollment decisions. If you set the device client to install automatically, to open automatically (using the Knox Service Plugin (KSP)) and skip the Privacy Policy Settings, the user would just need to ensure the device is turned on to enable a successful migration.

Our device(s) will not Enroll, why?

There are a number of reasons for this but usually it is a simple fix. Ensure the device:

- Is listed correctly in the Knox E-FOTA One console
- Has an internet connection
- Has a license assigned
- Has the device client installed
- Has had the client opened (if manual)
- Has the Knox Service Plugin installed (if KSP)

Do I need to keep the client up to date?

No, once a device is Enrolled to Knox E-FOTA One, the client is updated and maintained as part of the service.

Can I only distribute the client from my MDM?

No, the device client can be distributed devices in a number of ways including:

- OOB – out of the box
- MDM via the Managed Google Play Store
- MDM as an “internal application”
- Knox Configure
- Sideload

Can I use Knox E-FOTA One within a Work Profile?

No, the device client will need to run outside of the Work Profile. This can be managed automatically by the Knox Service Plugin and requires a Knox Platform for Enterprise Premium license

Common Questions

Are there any other ways to export devices?

Yes. There are couple ways to move device information from SOTI Mobicontrol to EFOTA One:

- By CSV file
- By OOBE – Out of the Box Experience
- By integrating EFOTA One to SOTI Mobicontrol

For more information, please visit:

<https://docs.samsungknox.com/admin/efota-one/add-devices.htm>

What is the cost of migration from E-FOTA on MDM to E-FOTA One?

Any current KE MDM customer may migrate to KE One at any point during their current contract term at no charge 1:1 license basis with the same expiry date as their current license subscription.

Do I need to export device by CSV file?

There are couple of ways to export device information from SOTI Mobicontrol to Knox EFOTA One:

- By Reseller
- By CSV file - covered in this guide
- Integrating EFOTA One with SOTI Mobicontrol

How to acquire a E-FOTA One license key?

To receive a valid E-FOTA One license key, you need to contact your Samsung Reseller or Samsung representative.

Exporting devices Enrolled to SOTI Mobicontrol

1. Open SOTI Mobicontrol Console
2. Go to Devices> select required Samsung devices
3. Select devices to export
4. Click Export device list> Click Download.csv

The screenshot shows the SOTI Mobicontrol console interface. The top navigation bar includes 'SOTI MOBICONTROL' and 'Devices'. The left sidebar shows 'DEVICE GROUPS' with options like 'My Company', 'Sales Devices', 'soti_users', 'Warehouse...', 'o.pochvala_group', and 'Testco_group_repo'. The main area displays three charts: 'LAST CONNECT DATES (ALL TIME)', 'MANUFACTURER MODEL' (showing a donut chart for Samsung), and 'DEVICE FAMILY OS VERSION'. Below these charts is a table of devices. A blue arrow points from the table to a detailed view of a specific device.

DEVICE NAME	MANUFACTURER	MODEL	OS VERSION	BATTERY PERCENTAGE	AVAILABLE MEMORY	PHONE NUMBER	USERNAME	IMEI / MEID / ESN
AndroidPlus 00...	samsung	SM-G965F	9	84%	3.61 GB / 5.49 GB	Unknown	soti1	35862608305485
Testco_group_repo...	samsung	SM-A805F	10	47%	3.87 GB / 7.29 GB	Unknown	Unknown	35863210013402
AndroidPlus 00...	samsung	SM-N950F	9	71%	2.84 GB / 5.21 GB	Unknown	Unknown	352008095607287

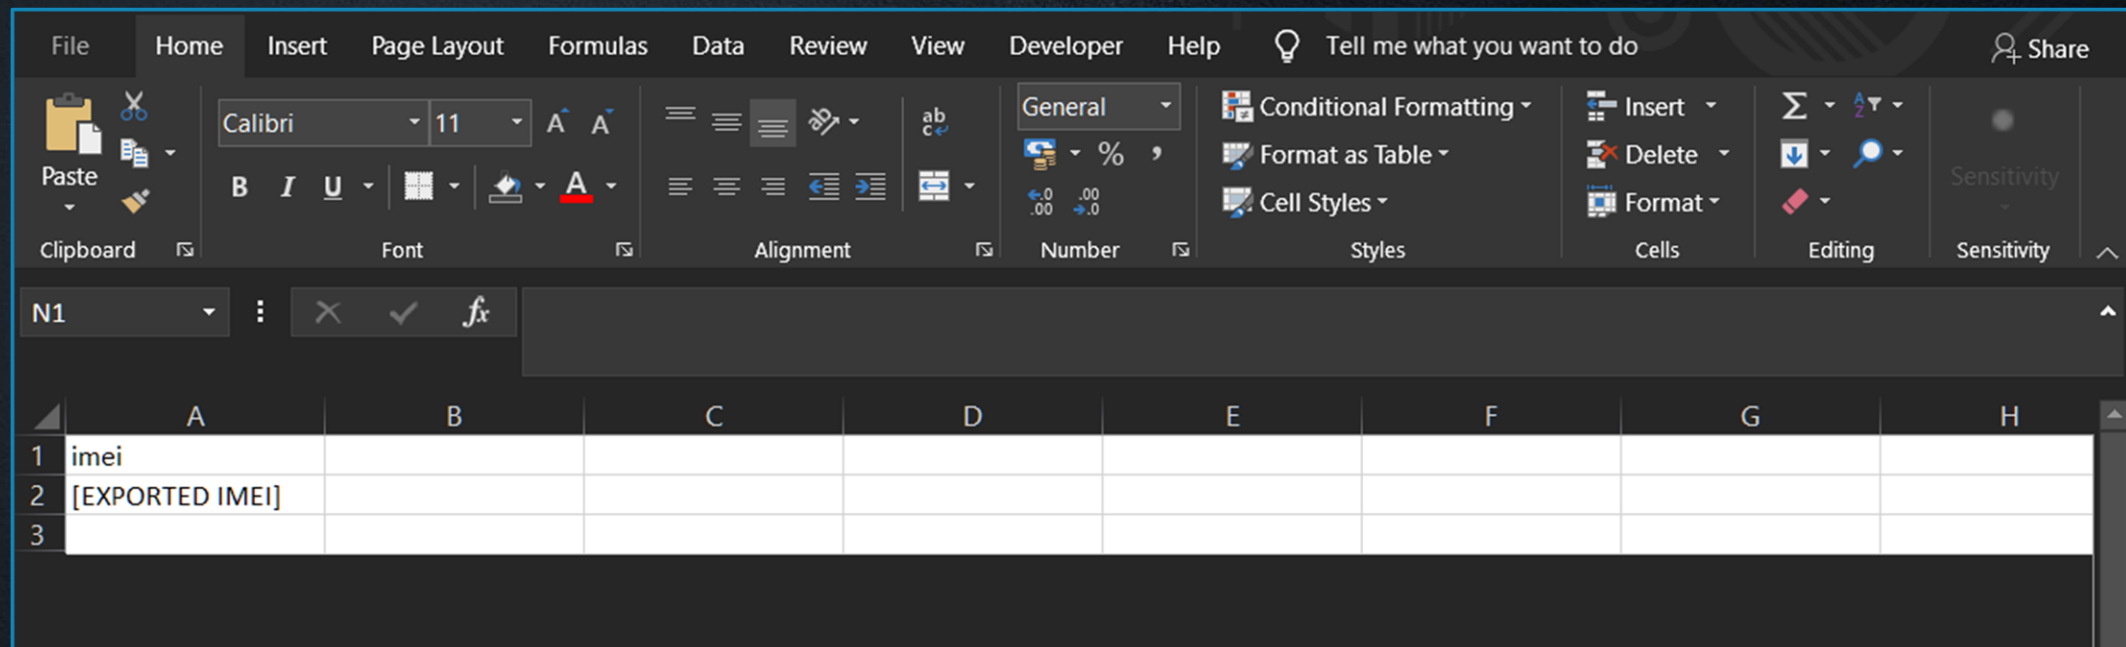

The screenshot shows the 'EXPORT DEVICE LIST' dialog box. It has a title bar with 'Columns View: Default' and a close button. The main area contains two options: 'Download CSV' (with a download icon) and 'Email CSV' (with an email icon). A 'DONE' button is located at the bottom right.

The screenshot shows a detailed view of a device. It includes a green checkmark, a status icon, the device name 'AndroidPlus 00...', the manufacturer 'samsung', and the model 'SM-N950F'.

The screenshot shows a file explorer window with a file named 'search-results-202....csv'. The file icon is a green Excel icon. There is a download icon (a downward arrow) next to the file name.

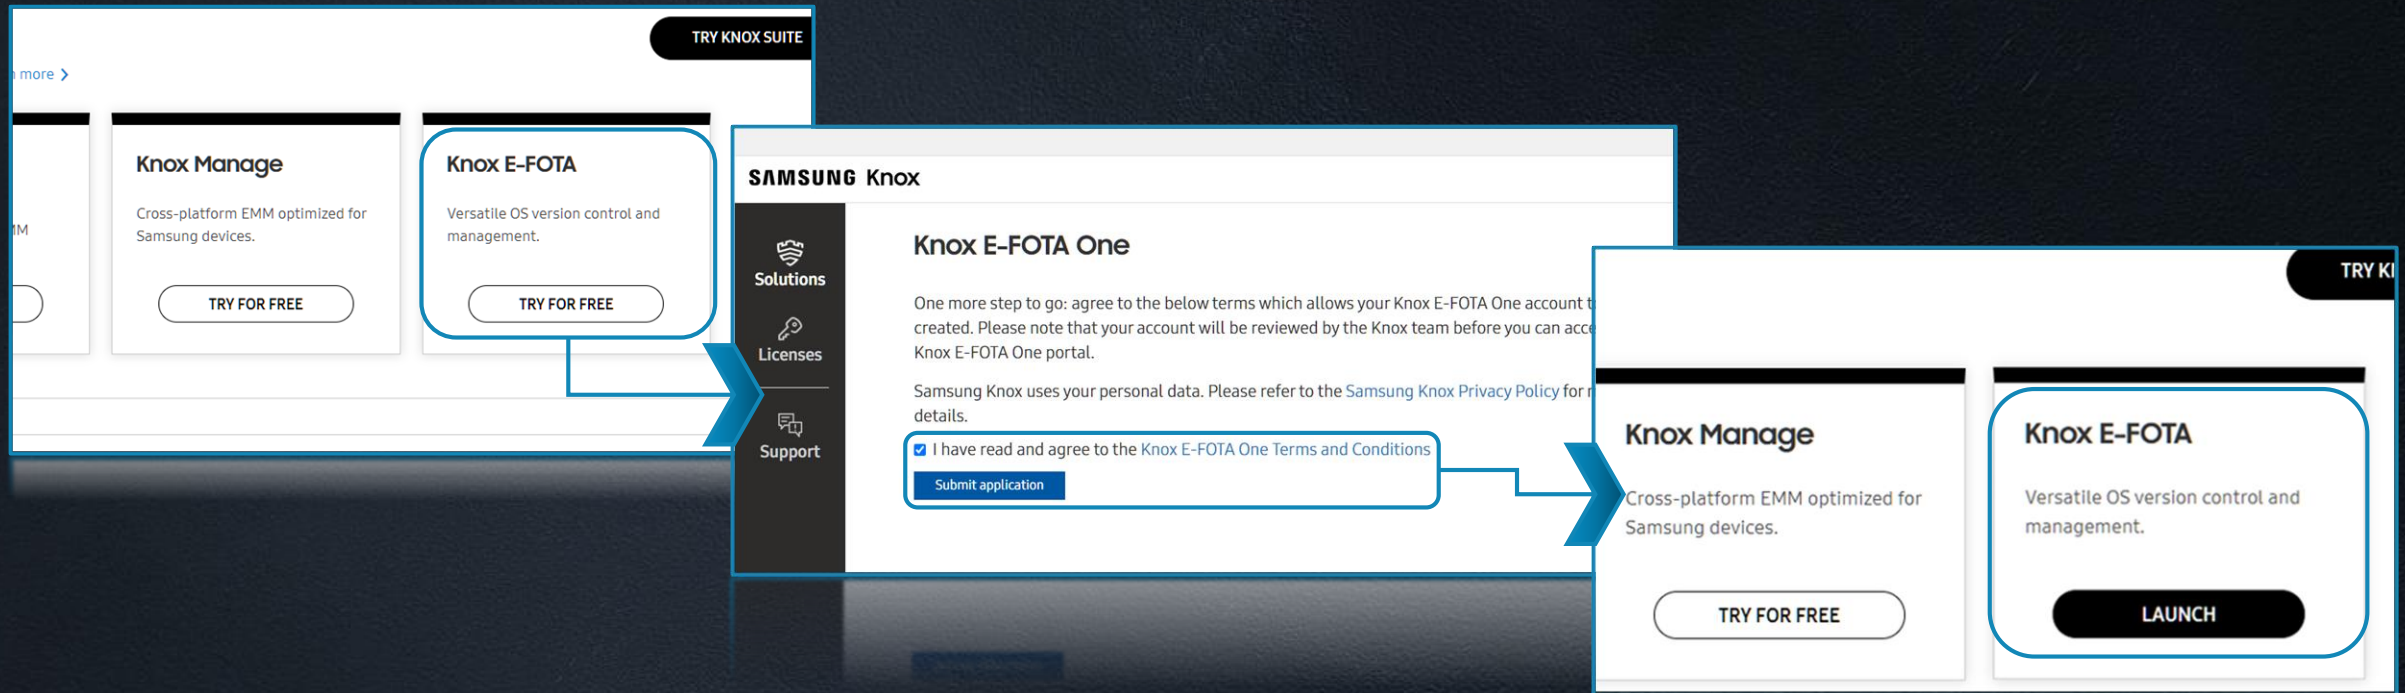

Preparing the CSV for Knox E-FOTA One

1. Open the CSV recently exported from the SOTI Mobicontrol
2. Order by Device name
3. Delete all columns except IMEI
4. You should now have a list of devices to be imported
5. Save

Accessing Knox E-FOTA One

1. Go to www.samsungknox.com and sign in to the Samsung Knox Dashboard
2. Find Knox E-FOTA under the Knox Suite heading and press “TRY FOR FREE”
3. Agree to Knox E-FOTA One Terms and Conditions and submit application
4. Once approved, Launch Knox E-FOTA

Importing devices to Knox E-FOTA One

1. From the Dashboard, press BULK ACTIONS at the bottom of the left-hand navigation panel
2. Press UPLOAD DEVICES
3. Browse to the CSV file prepared earlier
4. Press SUBMIT

Bulk actions

Use this [Standard CSV Template](#) for all actions. If an action needs more information, click on the Action page. Please make sure that you use the correct template.

Upload Devices

After you click Submit, the devices in the uploaded file will be added to your device inventory.

STEP 1

Upload device list

Enter one IMEI or serial number per line. Maximum 10,000 devices per upload.

[Download CSV template](#)

Select .csv file*

BROWSE

STEP 2

Enroll/Assign campaign

Select a default method to assign to the devices uploaded by this reseller once they are manually or automatically approved.

☐ Auto Enroll/Lock Firmware

Devices will consume license seats, install agent and firmware will be locked.

Select license

☐ Assign default campaign

Devices will consume license seats, install agent, firmware will be locked and campaign will be assigned.

Select campaign

Select license

SUBMIT

Adding a license to Knox E-FOTA One

1. Press Licenses in the left-hand navigation panel
2. Press ENTER LICENSE KEY, enter your license information and press ADD
3. If needed, a trial license can be generated by pressing GET A LICENSE then GENERATE TRIAL LICENSE

The screenshot displays the Samsung Knox E-FOTA One web interface. On the left is a dark navigation sidebar with the following menu items: Dashboard, Devices, Campaigns, Licenses (highlighted with a blue circle), Resellers, EMM groups, Administrators & Roles, Activity Log, and Feedback & Support. The main content area is titled 'Licenses' and includes a sub-header 'A Knox E-FOTA license is needed to enroll devices into E-FOTA.' At the top right of the main area are two buttons: 'GET A LICENSE' and 'ENTER LICENSE KEY'. Below these buttons are two modal windows. The 'Get a license' modal contains two sections: 'Generate free trial license' with a 'GENERATE TRIAL LICENSE' button, and 'Purchase commercial license' with a 'FIND RESELLER' button. The 'Enter License Key' modal contains input fields for 'License name*' and 'License key*', along with 'CANCEL' and 'ADD' buttons. Blue lines connect the 'GET A LICENSE' button to the 'Get a license' modal and the 'ENTER LICENSE KEY' button to the 'Enter License Key' modal.

Assigning license to device(s)

1. Press Devices in the left-hand navigation panel
2. Select (tick) the device(s) you wish to license
3. Press ACTIONS then Enroll Devices
4. Select the license and press DONE
5. The device(s) will now be in the state "Enrollment pending"

DONE

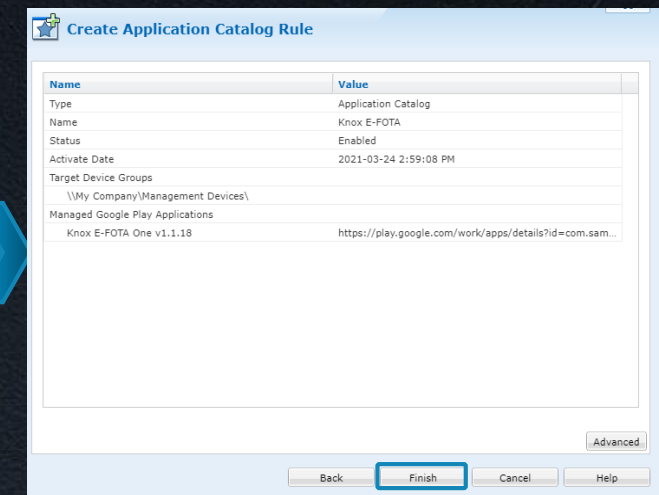

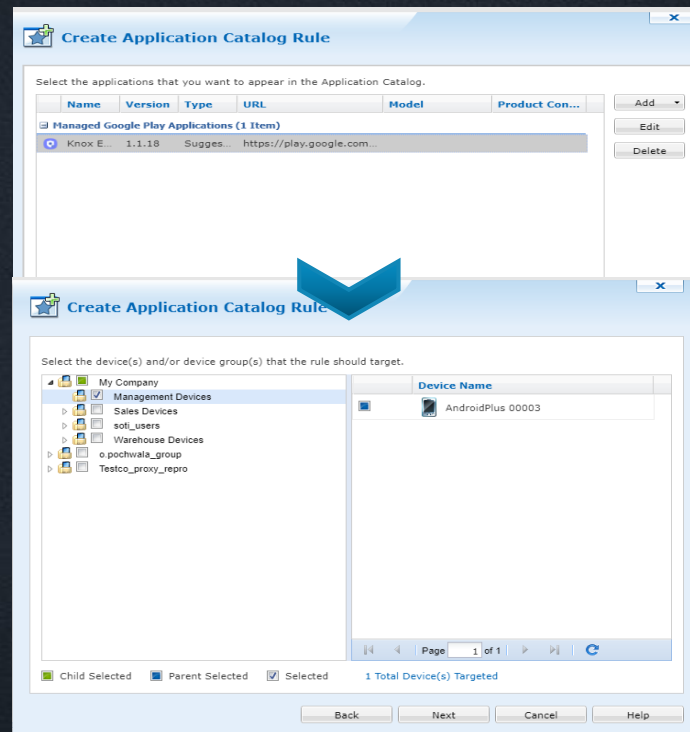

Adding Knox E-FOTA One client to SOTI Mobicontrol

1. Open SOTI Mobicontrol console
2. Go to Apps → right click/add Application rule → put name and add Managed Google Play → EFOTA One/UI Core
3. Find Samsung Knox E-FOTA One app, select it and complete approval
4. Click Save on the application information page
5. Repeat for “Knox E-FOTA One for One UI Core”

Assigning Knox E-FOTA One client to devices

1. Continue Creating Application Catalog Rule → Next
2. Select device group to apply
3. Confirm choice by Finish

Knox E-FOTA One Device Client Enrollment Options

After the device client is installed on a device it must be opened in order for it to Enroll to the Knox E-FOTA One service. There are two options for this:

Automatic

IT admins can utilise the Knox Service Plugin to automatically launch the Knox E-FOTA Client using the Firmware update (FOTA) policy.

NOTE! If a device is managed with a Work Profile, a Knox Platform for Enterprise Premium Key will be required for this.

To enable a truly automatic Enrollment, IT Admins will need to skip the Knox E-FOTA Terms & Conditions and Privacy Policy acceptance user prompt.

Manual

Device users will need to manually open the device client by clicking the Knox E-FOTA application to enable and complete Enrollment.

To reduce user interaction requirements, IT Admins may wish to skip the Knox E-FOTA Terms & Conditions and Privacy Policy acceptance user prompt.

Skipping the Knox E-FOTA One Privacy Policy Acceptance

1. Click your account initials at the top-right
2. Click “Privacy policy setting”
3. Check the “Skip Knox E-FOTA Terms & Conditions and Privacy Policy” check box
4. Click Save

The image shows a screenshot of the Samsung Knox E-FOTA dashboard and a modal window for privacy policy settings.

Samsung Knox E-FOTA Dashboard:

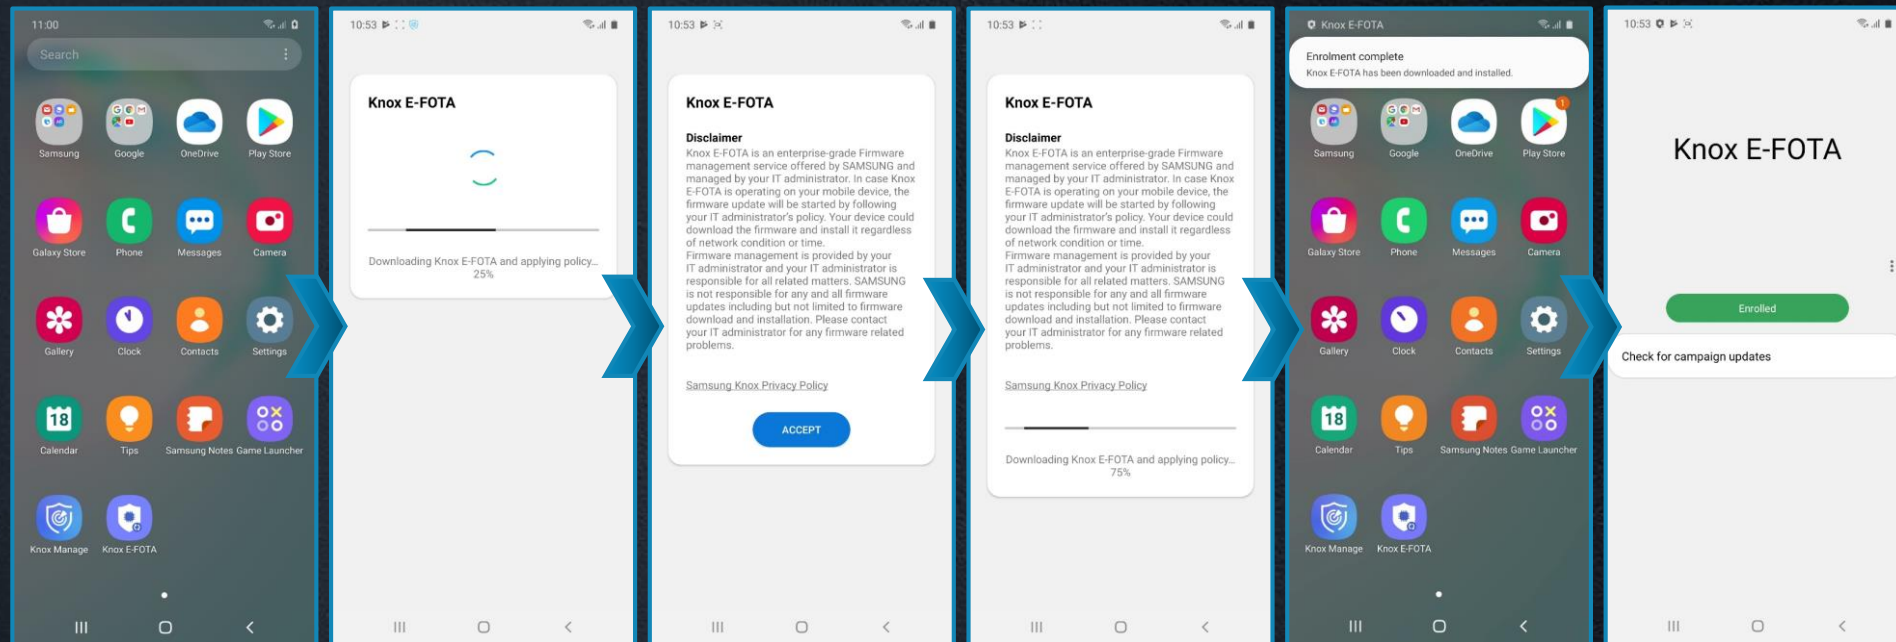

- Header:** SAMSUNG Knox E-FOTA
- Left Sidebar:** Dashboard, Devices, Campaigns, Licenses, Resellers, EMM groups, Administrators & Roles, Activity Log, Feedback & Support.
- Main Content:**
 - Welcome back:** Your last login was on 24 Aug 2020. Last updated: 12:40:22 PM.
 - DEVICE STATUS:** 1 Devices [View all](#).
 - Attention:** 0 Failed to enroll, 0 Campaign error, 0 Failed to download, 0 Failed to install, 0 Error.
 - Not Enrolled:** 0
 - Pending:** 0
 - Cancelled:** 0
 - Active:** 1
- Customer portal:** Customer ID 2499816398, Default support information, Privacy policy setting (highlighted), Logout.

Privacy policy setting Modal:

- Title:** Privacy policy setting
- Description:** This setting enables end users to skip Knox E-FOTA terms & conditions and privacy policy on their device during the setup of Knox E-FOTA.
- Option:** ☒ Skip [Knox E-FOTA Terms & Conditions](#) and [Privacy Policy](#).
- Buttons:** CANCEL, SAVE.

Enrolling the device to Knox E-FOTA One manually

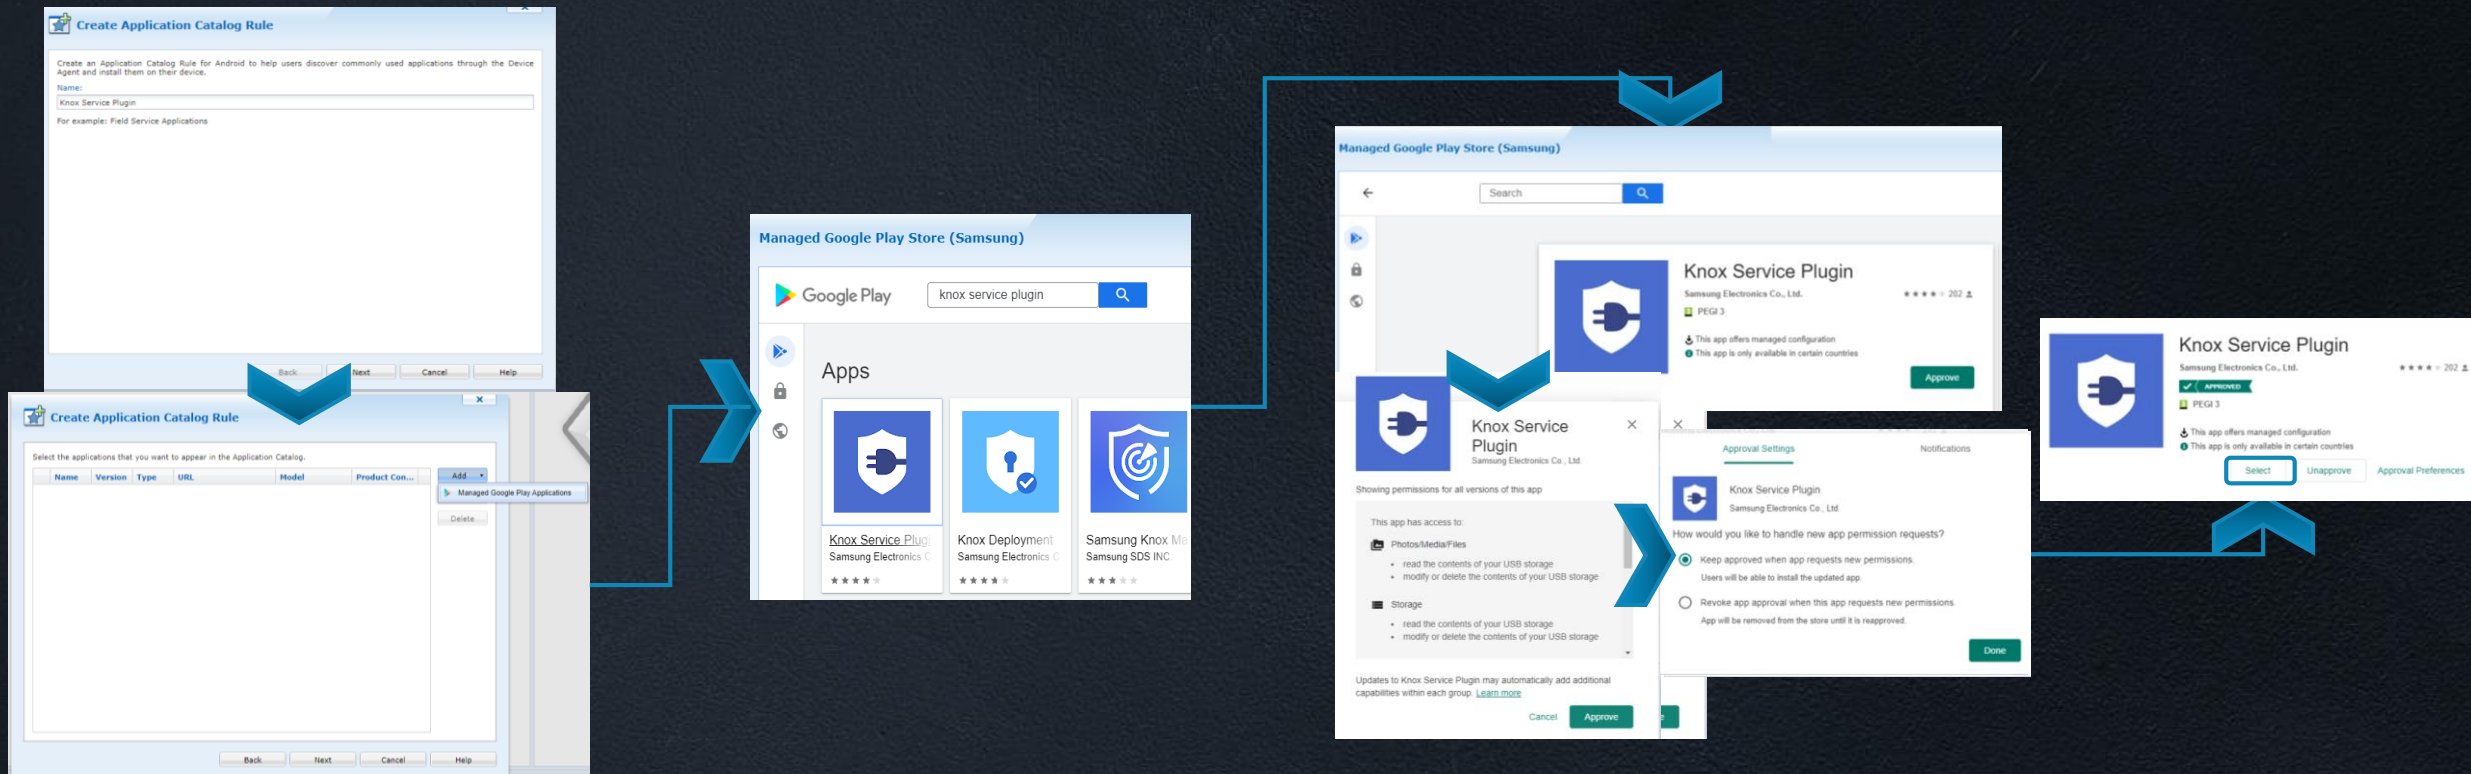

1. Open the client once the device has completed the install
2. Device will start Applying policy (25%)
3. Press ACCEPT AND CONTINUE*
4. Device will finish applying policy (75-100%)
5. Enrollment complete

*This can be skipped if the IT Admin has selected "Skip Knox E-FOTA Terms and Conditions and Privacy Policy" in the Privacy Policy Settings within the Knox E-FOTA One console

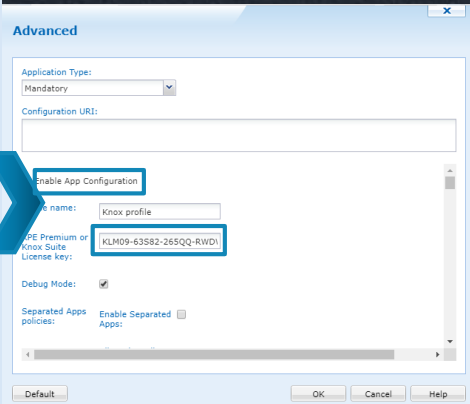

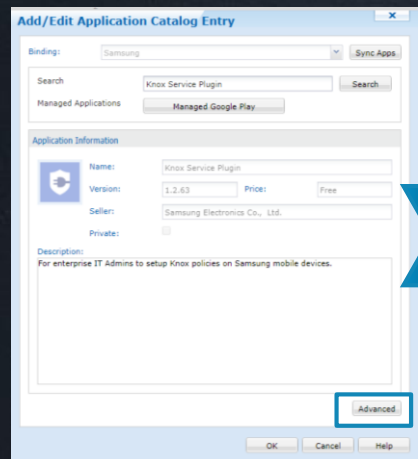

Enrolling the device to Knox E-FOTA One via KSP

1. Open SOTI Mobicontrol
2. Go to Apps → right click/add Application rule → put name and add Managed Google Play → Knox Service Plugin
3. Select KSP>approve>confirm>done and select

Enrolling the device to Knox E-FOTA One via KSP

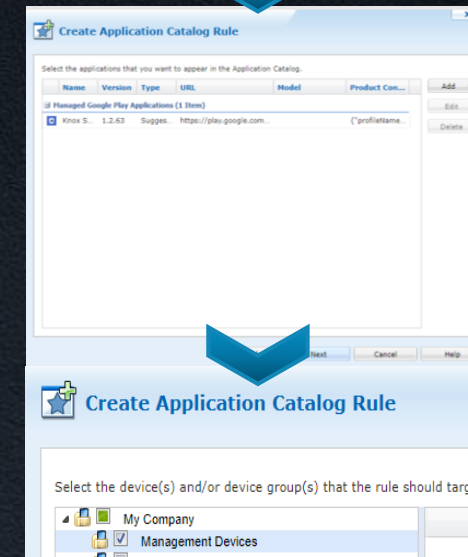

4. Configure a KSP profile> select Advanced
5. Enable app configuration → profile name → add KPE Premium or Knox Suite License
6. Scroll to “Firmware update (FOTA) policy
7. select “Enable firmware controls” and “Enable E-FOTA client install & launch”
8. Click Ok

Firmware update (FOTA) policy:

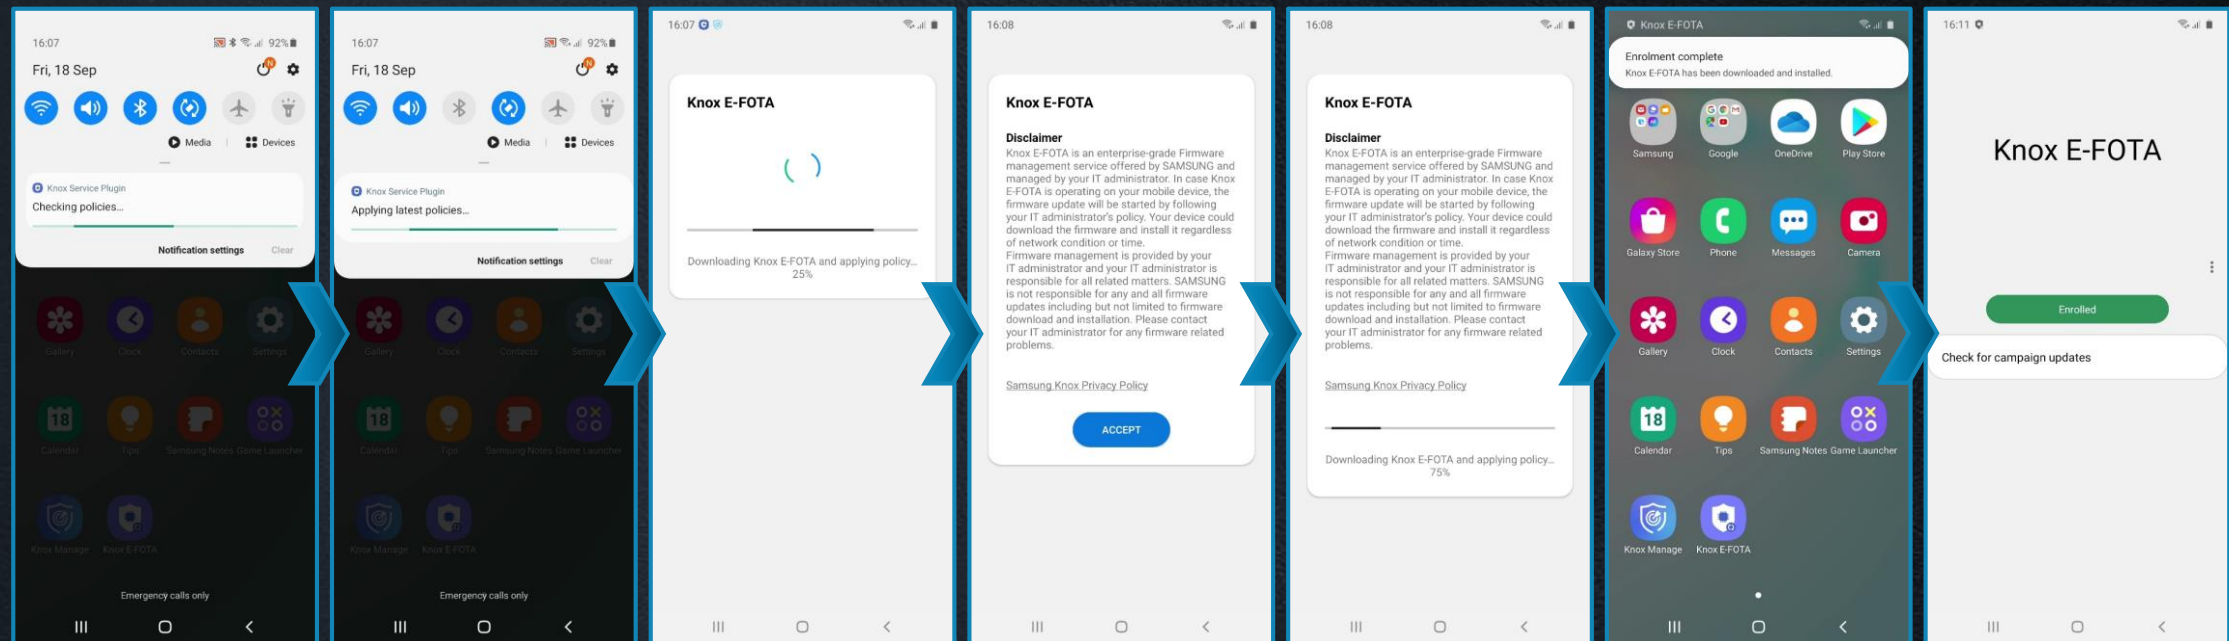

Enable firmware controls: ☒

Enable E-FOTA client installation & launch: ☒

Enrolling the device to Knox E-FOTA One via KSP

9. The device will now install Knox E-FOTA client by Knox Service Plugin check for the latest policy and apply
10. Device will start Applying policy (25%)
11. Press ACCEPT*
12. Device will continue applying policy (75%)
13. Enrollment complete

*This can be skipped if the IT Admin has selected "Skip Knox E-FOTA Terms and Conditions and Privacy Policy" in the Privacy Policy Settings within the Knox E-FOTA One console

Confirming Enrollment success

1. Return to your Knox E-FOTA One console
2. Press devices
3. Ensure all devices you have migrated to Knox E-FOTA One are now in the state “Enrolled”

The screenshot displays the Samsung Knox E-FOTA console interface. On the left is a dark sidebar with navigation links: Dashboard, Devices (highlighted with a blue box), Campaigns, Licenses, Resellers, EMM groups, Administrators & Roles, Activity Log, and Feedback & Support. The main content area is titled 'Devices' and has two tabs: 'ALL DEVICES(1)' (active) and 'UPLOADS(1)'. Below the tabs is a search bar and an 'ACTIONS' dropdown. A table lists the device details:

<input type="checkbox"/>	DEVICE ID	FIRMWARE VERSION	MODEL	CAMPAIGN	LICENSE ENDS	STATUS	SOURCE	MODIFIED	
<input type="checkbox"/>	357	A505FNXXS3ASL1	SM-A505FN	-	20 Nov 2020	Enrolled	CSV Upload	27 Aug 2020	

At the bottom right of the table, it shows '1-1 of 1', 'Show 25', and pagination controls with the number '1' highlighted.
